### **DETAILED ACTION**

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

#### ***Claim Rejections - 35 USC § 102***

Claim 7 is rejected under 35 U.S.C. 102(b) as being clearly anticipated by Chai (US 6,108,932). The claims are reasonably and broadly construed, in light of the accompanying specification, to be disclosed by Chai, because that reference discloses each of the claimed features on the face of that reference.

#### ***Claim Rejections - 35 USC § 103***

Claims 8-10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Chai discloses the claimed invention, except for the recited radiation type, situation, or locations. It would have been an obvious matter of design choice to recite those features, since the teachings of Chai perform the invention as claimed, regardless of those recited features.

### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not

mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
